Virginia Plumbing and Mechanical Inspectors Association

54th Annual School of Instruction

Holiday Inn – Richmond Airport
Sandston, Virginia
April 5 through April 7, 2017

Strength through Leadership, Education & Unity
Count on ICC for Your Go-to Inspector Tools

Browse ICC’s wide selection of codes, referenced standards, study tools, inspection references and more.

**SIGNIFICANT CHANGES TO THE IPC®/IMC®/IFGC®** gets you up-to-code fast! Key changes are identified then followed by clear discussion of real-world application and a color illustration. An excellent review tool for transitioning to new codes.

- 2015 #7202S15
- 2012 #7202S12

**CODE AND COMMENTARIES** contain the full text of the code, including tables and figures, followed by corresponding commentary at the end of each section in a single document. Available for the 2015 and 2012 I-Codes.

- IPC CODE AND COMMENTARY
  - 2015 #3210S15
  - 2012 #3210S12
- IMC CODE AND COMMENTARY
  - 2015 #3310S15
  - 2012 #3310S12
- IFGC CODE AND COMMENTARY
  - 2015 #3610S15
  - 2012 #3610S12

**STUDY COMPANIONS** provide a fully illustrated review of the 2015 and 2012 I-Codes with helpful practice quizzes and learning assignments for self-study.

Greetings and welcome
to the
Virginia Plumbing and Mechanical Inspectors Association’s 54th Annual School of Instruction (SOI)

It has been my pleasure and honor to serve as the VPMIA president this past year. We have a fantastic group of members and gracious volunteers that provide their time and energy to the mission and goals of VPMIA. I am truly grateful for their participation.

This organization has been active in providing training and public education in Virginia communities since 1962, and active in code development since the days of the legacy codes. VPMIA has seen its share of people come and go. This year we had 23 new code professionals sign up for membership and two new contractors sign up for associate membership. In turn, we had as many retire their memberships. This trend provides VPMIA with the unique ability to honor its veterans and to move fresh minds in key committee roles to harvest new ideas for the organizational future.

How do we continue to grow? We each have a role in keeping VPMIA vital in the code enforcement arena. The challenge is individual and collective in a group with over 300 members to not become comfortable with the status quo, and participation is key. This past year did not see enough newer, younger members taking on organizational duties that move us forward, although these positions many times lead to personal “next steps.” Our committees have not experienced the increase in members that would strengthen them, and there have only been two new Chairpersons that joined the old guard. Let’s reverse this trend now for collective and personal growth. VPMIA is at its strongest when members take on opportunities that could greatly benefit the organization, and themselves as well. This proved true in my own experience and it can prove true for any member.

When I was sworn in as the VPMIA president last year, my platform was one to reach out to the code professional millennials in Virginia and present to them what this organization has to offer them. I shared my own experience with joining and participating in the PMG Code Development Committee; how, through VPMIA’s mentoring support as well as their financial support, I was able to gain knowledge and experience in the codes that I read, interpret and enforce daily that would otherwise never have been available or achieved. That experience enabled me in becoming one of the top subject matter experts in my locality. This is an example of what VPMIA has to offer our members.

As I now pass the gavel to the next leader, I encourage our members, and our committees, to strengthen and grow through member participation. I want our members to receive the experience and opportunities that have been afforded to me throughout the years of my membership. I want to challenge our members to seek out opportunities within VPMIA and take advantage of the opportunities VPMIA has to offer you. I want to challenge our current committee Chairs to find and recruit members into their respective committees, and just as challenging, find and recruit a successor. Let’s switch up this organization with fresh, new minds and allow our veterans to mentor these individuals that will take us into the next generation of code experts.

Please feel free to contact me if you have any questions, need information about VPMIA, or simply wish to bounce code related issues off of me. My information remains current on our website.

Thank you all.

Richard Grace
VPMIA President, 2016–2017
Wednesday April 5th

7:00 - 8:15 a.m.  Registration
8:30 - 10:00 a.m.  Testing of combustible piping products for application in return air plenum spaces
10:00 - 10:30 a.m.  Break
10:30 - Noon  Rainwater Harvesting
Noon - 1:00 p.m.  Lunch *(included with registration)*
1:00 - 2:30 p.m.  Changing the CSST Rules
2:30 - 3:00 p.m.  Break
3:00 - 4:30 p.m.  Hilti Firestop Systems
5:00 - 6:00 p.m.  Presidents Welcome
6:00 - 7:30 p.m.  Dinner *(included with registration)*

Thursday April 6th

8:30 - 10:00 a.m.  2015 IMC Design, Installation and Inspection Principles
10:00 - 10:30 a.m.  Break
Noon - 12:15 p.m.  VPMIA General Membership Meeting Part 1
Noon - 1:00 p.m.  Lunch *(included with registration)*
1:00 - 2:30 p.m.  2015 IMC Design, Installation and Inspection Principles, *cont’d.*
2:30 - 3:00 p.m.  Break
3:00 - 4:30 p.m.  2015 IMC Design, Installation and Inspection Principles, *cont’d.*
6:30 - 10:00 p.m.  Banquet *(included with registration)*

Friday April 7th

8:00 - 9:00 a.m.  Breakfast Buffet *(included with registration)*
9:00 - Noon  General Membership Meeting Part 2

Vision Statement
VPMIA members are committed to providing code development leadership and continuous training that results in uniform application of the codes. We look for opportunities to partner with all who are impacted and strive to develop and deliver codes and standards that result in health, safety, and welfare protection for the public.

Mission
VPMIA is an association of code professionals dedicated to promotion of uniform enforcement and development of the codes throughout the Commonwealth to assure the health, safety, and welfare of its citizens and any one who may live, work, or visit the state of Virginia. The pursuit of this endeavor is achieved through close, open, and equal working relationships with design professionals, builders, contractors, material manufacturer’s and others involved in the construction industry. VPMIA supports the ICC, its goals and mission.

Strategic Plan Mission
VPMIA’s strategic plan is to advance our mission through training in order to promote better understanding of the benefits and efficiency of using model codes. The association promotes teamwork, while embracing fairness and respect to all involved parties, always maintaining open communications in every aspect to those who participate in the process.

VPMIA Officers 2016-2017

OFFICERS
President Richard Grace

...and these connections can be good for you.

www.vpmia.org

Your resource for trade news, information on upcoming events, membership and registration forms, archives, and current membership data.

Schools of Instruction —
DHCD-approved classes, trade-based lectures on current hot topics, opportunities to network with other code officials and industry representatives.

Membership benefits —
Reduced-cost education, a voice in international plumbing, mechanical, and fuel gas code changes, and being part of a respected, Virginia group with a commitment to excellence.

Leadership opportunities —
Become a certified instructor; serve on a Committee, or as an Officer or Board member.

Connect with VPMIA today.

Get your tools now. You can download the membership application from www.vpmia.org.
Strategic Goal # 1
Enhance and increase communications of VPMIA with the public
(Communications)
Initiative action:
• Actively promote a positive image of code enforcement’s role in the community.
• Advertisements in trade, industry, state DHCD, and community publications.
• Commitment to code development to achieve the superior level of health, safety, and welfare for our citizens.

Strategic Goal # 2
Increase and expand education
(Training – Communications)
Initiative action:
• Encourage increased participation from all interested parties who interact with any and all aspects of code enforcement.
• Increase awareness of the educational benefits of the association.
• Promote credentialing programs provided by the state DHCD.

Strategic Goal # 3
Uphold the highest levels of professionalism
(Leadership – Professionalism)
Initiative action:
• Instill and promote leadership values.
• Always display integrity.
• Adherence to code of ethics.
• Share knowledge at all levels.
• Maintain and promote certifications.
• Respect others.

Strategic Goal # 4
Promote relationships with industry and related professional organizations
(Cooperation)
Initiative action:
• Participate in the code development process.
• Encourage cooperative working relationships with construction-industry professionals.
• Become involved as active or associate members to other professional organizations such as VBCOA, ICC, IAEI, and PMPV.
• Solicit speakers and provide speakers for these organizations to enhance communication.
• Continue to actively participate in DHCD towards uniform application and development of the model building codes and standards.

Strategic Goal # 5
Broaden and expand VPMIA Membership (Membership)
Initiative action:
• Develop information package of the organization benefits.
• Provide more member services.
• Develop a more wide spread advertisement program for membership, including associate members.

Strategic Goal # 6
Continue leadership and participation in code development process
(Leadership – Code Development)
Initiative action:
• Enhance and develop strategies for participation in International Code Council Code developmental process.
• Encourage participation on state and national committees.
• Provide financial support towards member participation in these activities.

Strategic Goal # 7
Promote the adoption of the International Code Council family of model codes
(Communications – Training)
Initiative action:
• Provide analysis and impact of benefits for industry, where necessary.
• Provide training for code enforcement officials and industry.
• Interact with DHCD to provide uniform enforcement of model codes.

Strategic Goal # 8
Ensuring financial viability of VPMIA
Initiative action:
• Align financial resources to organizational outcomes.
• Achieve goal objectives.
• Operate within budgeted plan.

Colonial Webb, we are Your Partner specializing in Installation, Maintenance & Repair of HVAC, Refrigeration, Plumbing, and Electrical Systems.

- Plumbing
  Offering routine maintenance or 24-hour emergency service for any plumbing need from the simplest to the most complex.

- Heating & Cooling
  Offering maintenance programs ranging from preventative to full coverage to operations and maintenance; we can design a program that perfectly fits your needs.

- Electrical
  Our clients count on us for a full range of electrical contracting for their commercial or industrial facilities. Providing service or a full upgrade including 24-hour emergency capabilities.

YOUR PROBLEM IS OURS. HOW CAN WE HELP YOU? CALL 804-916-1400 NOW.

**ANSI/ASHRAE 62.2** *(Ventilation and Acceptable Indoor Air Quality in Residential Buildings)* is on continuous maintenance with interim addendums periodically released; the whole standard is published every three years.

In the latest 2016 publication, ASHRAE made major modifications to 62.2. The title was changed to “Ventilation and Acceptable Indoor Air Quality in Residential Buildings.” This added multi-family buildings of all heights to the scope. Additionally, unvented space heaters as a source of contamination were also added to the scope. The separate section on multi-family homes was merged with the single-family home section, thus removing conflicting requirements. Seventeen interim addendums have been incorporated, to include:

- **Addendum b**: a minimum calculated ventilation rate greater than 15 CFM now requires the use of a mechanical system in an existing home.
- **Addendum c**: that separates requirements for range hoods and other kitchen ventilation methods.
- **Addendum j**: that provides a method for determining infiltration credit for horizontally attached dwellings.
- **Addendum v**: to address strategies for intermittent ventilation systems.

The 2016 updated ASHRAE Standard 62.2 is divided into eight sections. Sections 1-3 contain the Purpose, Scope, and Definitions. The actual requirements start at Section 4:

4. Dwelling-Unit Ventilation
5. Local Exhaust
6. Other Requirements
7. Air-Moving Equipment
8. Climate Data

ASHRAE 62.2–2016 requires upgrading to MERV 6 filters, sealing ducts in unoccupied space, sealing the building’s envelope, adding ventilation openings to bathrooms, and adding ventilation to utility rooms. ASHRAE 62.2–2016’s Appendix A provides some advantages and disadvantages for commonly used compliance strategies.

Appendix C (new) in ASHRAE 62.2–2016 allows for more flexibility for automated designs. This automated system design flexibility allows contractors to vary fan operation times, air volumes, outdoor air temperatures, with occupant loads. Additionally, Table 1 values were merged and are the same for single and multi-family dwellings; the formula method has remained unchanged.

**The Table Method** *(See Table 1)*

For estimation purposes, or for basic residential Outdoor Air (OA) requirements, Table 1 can be used to determine the CFM required for all residential applications with 5 bedrooms or less. Using the table method, a two-bedroom house with a 1,525 ft² conditioned floor area would require 83 CFM OA for a 3 occupant rating. As per ASHRAE 62.2, when using Table 1, the values provided are for 2 persons in a studio (or in a one-bedroom), and if the number of occupants is known, and greater than the table values, the additional occupants must be accounted for by adding 7.5 CFM per additional person to the table value.

**The Formula Method**

This method may be used on any size of home with any known occupancy. Calculating the quantity of outside air needed for compliance is based on a relatively simple formula that multiplies 3% of the conditioned floor area, and adds it to the number of occupants multiplied by 7.5. When unknown, the number of occupants for residential applications used in the formula is generally the number of bedrooms plus 1 with a one-bedroom minimum allowed (or 2 people). The formula is:

\[
Q_{tot} = 0.03 A_{floor} + 7.5 \times (N_{br} + 1)
\]

Where:

- \(Q_{tot}\) = Total required ventilation rate in cubic feet per minute (CFM)
- \(A_{floor}\) = Floor area in square feet
- \(N_{br}\) = Number of bedrooms. Not to be less than one; used to estimate the number of occupants for design purposes.

Note: When AHJ rules requires a different \(Q_{tot}\) value, that value must be used.

Sample calculation:

Using the same 1,525 ft² two-bedroom house that was used in the Table Scenario above, OA would be calculated as follows:

\[
OA_{cfm} = 0.03 (1525) + [7.5 \times (2 + 1)] = 68.25 \text{ CFM}
\]

Free Information on the ACCA Design Process: At its website – www.acca.org/standards/codes – ACCA makes information available to help code officials understand about HVAC code requirements. Free information includes:

- Listing of ACCA standards specifically referenced in the 2012 and 2015 building codes and the code citations.
- Brochures aimed at helping code officials verify that residential load calculations, duct design, and equipment selection are in accordance with ACCA Manuals J, D, and S.
- A listing of which third-party software providers have passed ACCA’s arduous testing regimen and are eligible to state that they are in compliance to specific ACCA manuals.
- Newly-released, a 2016 Technical Note on how a code maximum allowable leakage rate can be used in the design process for determining heating and cooling design loads (Computing Infiltration Loads Based on a Target Envelop Leakage Requirement).

*About the author:*
Donald Prather serves as the Technical Services Manager with the Air Conditioning Contractors of America (ACCA). He is currently licensed as an HVAC contractor in Florida, and holds a 1st Class Stationary Engineer Certification in Maryland, and is a graduate of Thomas Edison State University with a B.S. in Mechanical Engineering Technology. Currently he is developing training materials that support continuing education requirements for technician’s, educators, and code officials.

ACCA Membership

FREE to ICC Governmental Members

ICC Governmental Members may qualify for free access to ACCA’s online membership benefits.
ACCA’s online membership access includes:

- On demand Video Learning on technical content from top contractors and real-world experts.
- System Design Professionals offer guidance on the ACCA design process and how it is included in codes.
- Latest Technical Bulletins that address important issues and emerging technologies to keep you ahead of the trends.
- Discounts on ACCA manuals and ACCA products.

Since ACCA recognizes the entity – and not an individual as a member – the above benefits accrue to the entire code office.

ICC Governmental Members should complete and return the application on the ICC website to apply.

The latest versions of the ACCA HVAC residential design manuals have new, normative, code-intended sections added at the front of each manual. The addition of clearly identified, normative sections is to make it easier for code officials to understand and enforce the requirements of the varied manuals.
ARTICLE I — Name, Seal, and Address

Section 1. The name of this organization shall be the Virginia Plumbing and Mechanical Inspectors Association, herein referred to as the Association.

Section 2. The seal shall be approved by the Board of Directors, herein referred to as the Board.

Section 3. The address shall be that of the Executive Secretary, unless otherwise approved by the Board.

ARTICLE II — Mission and Objectives

Section 1. The Association’s mission shall be to promote and protect the health, safety and welfare of all Virginia citizens and of all others who may live, work, play and visit within the Commonwealth.

Section 2. The objectives of the Association shall be to:

A. Promote uniform application of the Virginia Uniform Statewide Building Code.
B. Actively participate in plumbing, mechanical and fuel gas code development at state and national levels.
C. Provide opportunities for professional development by sponsoring or conducting training seminars.
D. Partner with organizations that share the Association’s mission and objectives.
E. Encourage unity among code officials, governmental agencies and the private sector.
F. Recognize members who make contributions that further the Association’s mission and objectives.
G. Maintain an organizational environment which promotes professionalism, mutual respect, mentoring, leadership and the pursuit of common goals.

ARTICLE III — Membership

Section 1. Categories of Membership.

A. Active Membership shall be open to governmental employees actively engaged in plumbing, mechanical and fuel gas code enforcement as prescribed in the Virginia Uniform Statewide Building Code.
B. Associate Members shall be non-governmental employees interested or engaged in the building industry.
C. Lifetime Membership is open to Active and Associate members in good standing who have made significant contributions that advanced or supported the Association’s mission.
D. Honorary Membership is open to individuals who are not currently members, but who have made significant contributions that advanced or supported the Association’s mission.
E. Retired membership is open to Active or Associate members who have retired.
F. Student Membership is open to students actively engaged in the study of engineering, building design/construction and plumbing/mechanical apprenticeship/technical programs.

Section 2. Membership shall be granted as follows:

A. Application for Active, Associate, Retired and Student membership shall be submitted to the Executive Secretary on the Association’s membership application form. Each application shall be reviewed, approved or disapproved by the Executive Secretary.
B. Honorary and special-offer type memberships shall be approved by the Board.
C. Lifetime membership nomination forms shall be submitted to the Awards Committee Chair. The Awards Committee shall review and select the recipients.

Section 3. Dues.

A. Active, Associate, Retired and Student members shall pay dues and such dues shall cover the period from January 1 through December 31 of each year. Dues remitted after December 31 shall only cover the period until December 31 of the current year. Members whose dues are current shall be considered in good standing.
B. Lifetime and Honorary members shall not be required to remit dues.
C. Dues shall be established by the Board and listed on the Association’s membership application form.
D. Where any Active, Associate, Retired or Student member does not remit dues for two (2) consecutive years, the membership shall have expired and the member’s name shall be removed from the roster. Expired memberships may be renewed in accordance with Article III. Section 2.A.

Section 4. Membership Meeting Voting.

A. Only Active members in good standing shall have the right to vote.
B. All members shall have the right to make and second motions and to participate in discussion of any motion before the membership.

Section 5. Conduct.

A. All members shall be committed to the Association’s mission and shall conduct themselves in accordance with the Association’s Code of Ethics.

ARTICLE IV — Officers and Duties

Section 1. Officers shall be Active members in good standing and comprised of a President, Vice President, Secretary and Treasurer.

Section 2. Officers shall be elected and installed at the Annual School of Instruction, herein referred to as the SOI.

Section 3. Officer’s terms shall be one year and officers shall serve no more than two (2) consecutive terms in the same office. The terms of the Officers shall begin at the close of the SOI and end at the close of the SOI the following year.

(continued on page 15)
RESOLUTION OF RESPECT FOR
Charles Wayne Hudson

Whereas, Prior to his passing on June 30th, 2016 at the age of 57, Charles Wayne Hudson was a South Hill, Virginia Native; and

Whereas, Charles Wayne Hudson was employed for 35 years by the Town of South Hill, Virginia serving for the last 18 years as the code compliance official; and

Whereas, Charles Wayne Hudson was a long time member, in good standing, of the Virginia Plumbing and Mechanical Inspectors Association, as well as the Virginia Building Code Officials Association, and the Virginia Fire Prevention Association; and

Whereas, Charles Wayne Hudson was a lifetime member, since 1983, of the South Hill Volunteer Fire Department; and

Whereas, The Virginia Plumbing and Mechanical Inspectors Association notes with great sadness the passing of Charles Wayne Hudson; therefore, be it

Resolved, That the Officers, Board of Directors, and the entire membership of the Virginia Plumbing and Mechanical Inspectors Association join the family of Charles Wayne Hudson in celebration of his life and do also offer their most heartfelt sympathy at the loss of this cherished family member; and

Resolved further, That the Virginia Plumbing and Mechanical Inspectors Association stands in readiness to assist the family of Charles Wayne Hudson in any manner desired or requested; and

Resolved further, that this resolution be respectfully submitted to Charles Wayne Hudson’s family as a permanent memorial to the memory of Charles W. Hudson.

Adopted this Third day of July, 2016

Richard Grace, VPMIA President

ATTEST: Randy Pearce, VPMIA District 4 Director

RESOLUTION OF RESPECT FOR
Jane H. Rimel

Whereas, Prior to her passing on October 3rd, 2016 at the age of 79, Jane H. Rimel was a Staunton, Virginia Native; and

Whereas, Jane H. Rimel was the mother of Paul Marion Rimel III, a VPMIA Past President and Lifetime Member; and

Whereas, Jane H. Rimel was employed as a bookkeeper for Atkins Automotive Corporation until her retirement; and

Whereas, Jane H. Rimel is the mother of Paul Marion Rimel III and wife Sherry of Staunton; two grandchildren, Alicia Nicole Rimel and Matthew DeWitt Rimel; and three great-grandchildren, Bree Mae Rimel, Brooke Lynn Rimel, and Mattey DeWitt Rimel; and

Whereas, The Virginia Plumbing and Mechanical Inspectors Association notes with great sadness the passing of Jane H. Rimel; therefore, be it

Resolved, That the Officers, Board of Directors, and the entire membership of the Virginia Plumbing and Mechanical Inspectors Association join the family of Jane H. Rimel in celebration of her life and do also offer their most heartfelt sympathy at the loss of this cherished family member; and

Resolved further, That the Virginia Plumbing and Mechanical Inspectors Association stands in readiness to assist the family of Jane H. Rimel in any manner desired or requested; and

Resolved further, That this resolution be respectfully submitted to Jane H. Rimel’s family as a permanent memorial to the memory of Jane H. Rimel.

Adopted this Twenty-fourth day of February, 2017

Richard Grace, VPMIA President

ATTEST: Dustin McLehaney, VPMIA Vice President
UL experts support Code Authorities across multiple industries: from fire, electrical and mechanical codes to those for buildings, plumbing and sustainability.

Our Regulatory Services Department provides support unmatched by other certification organizations. Many of our Regulatory Services experts are former Code Authorities, who know installation code requirements through and through – knowledge we don’t want to just keep to ourselves.

For instance, UL Product Spec allows users to quickly find correlations between installation codes and UL-Certified products. And it’s available 24/7 to anyone. Try it today: ul.com/productspec

Connect to the experts:

ARTICLE V — Districts and Directors

Section 1. District Directors shall be Active members in good standing and shall be comprised of one (1) director from each of the Association’s four (4) districts as follows:

District I: Shall be the area, including all cities and towns that lie therein, created by the counties of Augusta, Arlington, Clark, Culpeper, Fairfax, Fauquier, Frederick, Greene, Highland, Loudoun, Madison, Orange, Page, Prince William, Rappahannock, Rockingham, Shenandoah, Spotsylvania, Stafford, and Warren.

District II: Shall be the area, including all cities and towns that lie therein, created by the counties of Alleghany, Amherst, Appomattox, Bath, Bedford, Bland, Botetourt, Buchanan, Campbell, Carroll, Craig, Dickenson, Floyd, Franklin, Giles, Grayson, Henry, Lee, Montgomery, Patrick, Pittsylvania, Pulaski, Roanoke, Rockbridge, Russell, Scott, Smyth, Tazewell, Washington, Wise, and Wythe.

District III: Shall be the area, including all cities and towns that lie therein, created by the counties of Albemarle, Amelia, Brunswick, Buckingham, Caroline, Charlotte, Chesterfield, Cumberland, Dinwiddie, Fluvanna, Goochland, Greensville, Halifax, Hanover, Henrico, King George, Louisa, Lunenburg, Mecklenburg, Nelson, Nottoway, Powhatan, Prince Edward, Prince George, Surry and Sussex.

District IV: Shall be the area, including all cities and towns that lie therein, created by the counties of Accomack, Charles City, Essex, Gloucester, Isle of Wight, James City, King and Queen, King William, Lancaster, Mathews, Middlesex, New Kent, Northampton, Northumberland, Richmond, Southampton, Suffolk, Westmoreland, and York.

Section 2. District Directors shall be elected and installed at the SOI. The terms of District Directors shall begin at the close of the SOI and end at the close of the SOI the following year.

ARTICLE VI — Board of Directors and Duties

Section 1. A Board of Directors is hereby established to manage the policies, business, property and affairs of the Association.

Section 2. Voting members of the Board shall be Active members in good standing and comprised of the Officers, District Directors, Immediate Past President, Executive Secretary and Chair of each standing committee.

Section 3. Non-voting, ex-officio members of the Board shall be as follows:

A. Any Association member from Virginia serving on the International Code Council Board of Directors.

B. The VPMIA representative currently serving on the Executive Council of the International Code Council Region VII.

C. The Deputy Director or his or her representative of the Division of Building and Fire Regulation at the Virginia Department of Housing and Community Development.

D. The President, or his or her representative of the Virginia Building and Code Officials Association, Virginia Fire Prevention Association, and Virginia Chapter of the International Association of Electrical Inspectors.

E. Any member of the Association, or of the Virginia Building and Code Officials Association serving as a Representative on the Board for Contractors of the Virginia Department of Professional and Occupational Regulation.

Section 4. The Board shall appoint an Executive Secretary for a maximum term of five (5) years, or as otherwise approved by the Board.

Section 5. The Board shall require the Treasurer to be bonded. The amount, timeframe and terms of the bond shall be approved by the Board. The Association shall pay the bond premium and any other costs associated with the bond.

Section 6. The Board shall appoint members to fill unexpired terms or vacancies on the Board within forty-five days.

Section 7. An executive session of the Board shall be conducted at the request of any member of the board, when approved by a two-thirds majority of the Board’s voting members present. Only voting members of the Board and those individuals deemed necessary by the President to the purpose of the meeting are permitted to attend the executive session.

Section 8. The Board is hereby authorized to conduct business through electronic messaging, teleconference or other remote participation methods provided the quorum and voting requirements specified herein are observed. A minimum of three (3) business days notice shall be provided by the President or their designated representative prior to the meeting.

Section 9. Board members shall, upon receipt of draft Board and Membership meeting minutes, review such minutes and advise the Secretary of any suggested modifications within five (5) business days.

Section 10. Duties and responsibilities of each Board member shall be as described in the Board of Directors Job Description Policy, approved by the Board.

ARTICLE VII — Committees

Section 1. The standing committees are:

Advertising/Yearbook, Auditing, Awards, Bylaws, Certification/Education, Finance, Legislative, Nominating, Plumbing/Mechanical/Fuel Gas, SOI, Time/Place, Membership and Information Technology.

Section 2. Standing Committee chairs shall be appointed by the President, unless otherwise specified in this article, within thirty days following the close of the SOI. Members of the committees shall be appointed by the chair unless otherwise specified in this article.

(continued on page 16)
Section 3. The following standing committees shall be comprised of a minimum of three (3) members including the chair:

A. Advertising and Yearbook
B. Auditing
  1. The Treasurer shall not serve on this committee.
C. Awards
D. By-Laws
E. Certification and Education
F. Finance
  1. The Treasurer shall serve as the chair.
G. Information Technology
  1. The webmaster shall serve as the chair.
H. Membership
  1. The Executive Secretary shall serve as the chair.
I. Nominating
  1. The Immediate Past President shall serve as chair.
J. Plumbing/Mechanical/Fuel Gas.
K. Time and Place.
L. School of Instruction
  1. The Executive Secretary shall serve on this committee.
  2. The chair of the time and place committee shall serve on this committee.

Section 4. Legislative Committee shall be comprised of the committee chair and any member willing to serve.

Section 5. Special Ad Hoc committees shall be appointed by the President when deemed necessary by the President or the Board. The committee shall be comprised of a minimum of three (3) members and shall operate at the discretion of the Board. The committee chair will not have Board voting rights.

ARTICLE VIII — Meetings

Section 1. A minimum of two (2) membership meetings shall be held per year.

Section 2. First Membership Meeting shall be held at a time, Date and location approved by the Board. The meeting shall be for the purpose of receiving reports from the Officers, District Directors, committees and for any other business that may arise. A minimum of fifteen (15) Active members present shall constitute a quorum.

Section 3. The SOI shall be held at a time, Date and location approved by the Board. The date and location shall be approved a minimum of one (1) year in advance of the SOI. The SOI shall be for the purpose of conducting the Second Membership Meeting, providing educational programs, electing Officers, District Directors, receiving reports from Officers, District Directors, committees and for any other business that may arise. A minimum of fifteen (15) Active members present shall constitute a quorum.
Section 4. Meetings of the Board shall be held on the call of the President, but not less than three (3) times each year. A majority of the Board’s voting members shall constitute a quorum.

Section 5. Special membership or Board meetings may be called by the President or the Board of Directors. Official notice of the meeting shall be sent by mail or electronically to the members a minimum of fourteen (14) days prior to the date thereof. The purpose of the meeting is to conduct business of the Association. A minimum of fifteen (15) active members present constitute a quorum for a special membership meeting or a majority of the Boards voting members for a Board meeting. Special meetings may be conducted using electronic messaging or teleconference.

ARTICLE IX — Parliamentary Authority

The current edition of Robert’s Rules of Order Newly Revised is the Association’s final Authority on all questions of procedure and parliamentary law not covered by the Constitution and By-laws nor by any special rules of order adopted by the Association.

ARTICLE X — Amendment of Bylaws

These bylaws may be amended during any membership meeting by a two-thirds majority of Active members present and voting, provided such amendment has been submitted in writing by any member to the Bylaws Chair not less than thirty (30) days in advance of a Board meeting for review and recommendation; and further provided such amendment has been posted on the Association’s website not less than thirty (30) days prior to the membership meeting.

ARTICLE XI — Code of Ethics

We the members of the Association acknowledge that our profession has a direct and vital impact on the quality of life of all Virginia citizens and of all others who may live, work, play, and visit within the Commonwealth. We the members are therefore dedicated to the highest standards of professionalism, integrity, and competence, and we do pledge to adhere to the following principles of ethical behavior:

- Recognize that the health, safety, and welfare of the public are our top priorities and acknowledge that the primary function of government is to serve the best interests of the people.
- Consider our profession a distinct opportunity to serve society.
- Demonstrate honesty, integrity, and uniformity in the discharge of our duties.
- Treat all persons with courtesy and respect.
- Conduct ourselves in a manner which creates and maintains respect for the Association and the industry it represents.
- Refuse to leverage our positions to secure advantage or favor for ourselves, our family, or friends.
- Refrain from representing private interests in any business or affairs of the Association.
- Remain loyal to the Virginia Plumbing and Mechanical Inspectors Association and pursue its mission and objectives in a manner consistent with the public good.

VPMIA Board of Directors
Job Duty and Committee Description Policy

Purpose:
In accordance with the Association's Constitution and Bylaws, individual duties and responsibilities of the officers, District Directors, Immediate Past President, Executive Secretary, standing committee Chairperson and each committee shall be in accordance with this policy as approved by the Board of Directors.

Policy amendments:
The policy may be amended at any Board meeting by a majority vote of the Board.

The President:
Conduct all Board and Membership meetings in accordance with the Association’s Bylaws and Constitution.
Submit the ICC Annual Report online.
Appoint each standing committee chairperson, not otherwise established by the By-laws, and forward the names to the Information/Technology committee chair (IT) within thirty (30) days following the School of Instruction (SOI). Standing committee chairpersons shall not serve as chairperson of more than two (2) committees.
Appoint a special adhoc committee chairperson when needed to perform a specific task. Adhoc committees shall operate at the discretion of the Board.
Establish the time and location of Board meetings. The time and location of all Board meetings shall be forwarded to the IT chair and Board. Board meetings shall be equally distributed throughout the year as much as possible.
Notify the Board’s voting members not less than three (3) business days prior to conducting a vote by electronic means.
Prepare all Board and Membership meeting agendas and forward these agendas to the IT chair not less than seven (7) business days prior to each meeting. The President shall list on the agenda any business of the Association specified by the policy or the Constitution and Bylaws.
Submit the Association’s ICC Chapter of the Year Report and provide a copy of the most recent report to the next President on or about the beginning of their term. (when applicable)
Serve as a non-voting, ex-officio member of all committees except the Nominations Committee

The Vice President:
Conduct Board and Membership meetings in accordance with the Association’s Constitution and Bylaws in the absence of the President.
Record the meeting minutes in the absence of the Secretary.
Serve as the Audit Committee chairperson.

The Secretary:
Assist the presiding officer with the orders of business during each Board and Membership Meeting and report any official correspondence.
Record the minutes of each Board and Membership Meeting to include motions and resulting votes.
The draft minutes of each Board and Membership meeting shall be forwarded to the Board for review within ten (10) business days following such meeting, unless otherwise stated herein. After a five (5) day review period, any necessary changes shall be forwarded to the Secretary. Secretary shall forward the draft minutes to the IT chair ten (10) business days prior to approval.

The Treasurer:
The Treasurer shall have available at each Board and Membership meeting any draft minutes submitted for approval.
The Secretary shall provide a copy of the meeting minutes to the newly elected Treasurer within fifteen (15) business days following the SOI.
Upon approval, minutes shall be marked APPROVED. The Secretary shall sign and date the minutes and affix the secretary’s title of office thereto. The Secretary shall have available during each Board and Membership meeting the Association’s Official Book of Minutes and all approved minutes shall be retained therein. A digital copy of all approved minutes shall be forwarded to the IT chair not less than ten (10) business days following approval.
Draft memorial resolutions in remembrance of past and present members and any immediate family members or resolutions approved by the Board thereof. The Secretary shall forward each resolution to the Advertising/Yearbook Committee Chairperson.
Draft correspondence as requested by the Board or officers.

The Secretary shall have available at each Board and Membership meeting any draft minutes submitted for approval.
The Secretary shall provide a copy of the meeting minutes to the newly elected Treasurer within fifteen (15) business days following the SOI.
Upon approval, minutes shall be marked APPROVED. The Secretary shall sign and date the minutes and affix the secretary’s title of office thereto. The Secretary shall have available during each Board and Membership meeting the Association’s Official Book of Minutes and all approved minutes shall be retained therein. A digital copy of all approved minutes shall be forwarded to the IT chair not less than ten (10) business days following approval.
Draft memorial resolutions in remembrance of past and present members and any immediate family members or resolutions approved by the Board thereof. The Secretary shall forward each resolution to the Advertising/Yearbook Committee Chairperson.
Draft correspondence as requested by the Board or officers.

The Treasurer:
The Treasurer shall ensure their signature is assigned to the Association’s financial account on or about May 1st and shall administer the account until on or about May 1st of the following year.
The Treasurer shall sign and date any written contract which monetarily binds the Association and shall place the Association’s copy of such contract in the Association’s financial records.
Serve as a member of the School of Instruction Committee.
Place the original of each bank statement in the Association’s financial records and accurately maintain a written financial ledger.
Collect all revenue generated by the Association, including any contributions provided, and deposit such funds into the Association’s account in a timely manner. Each deposit receipt shall be placed in the Association’s financial records.
Fund all expenditures approved by the Board and all expenses listed in the budget.
Submit a written report of the Association’s finances at each Board and Membership Meeting and submit any additional reports requested by the Board.
Provide all financial records requested by the Audit and Budget Committee chairperson.

Unless the Treasurer is serving a second term, the past Treasurer shall transfer the Association’s financial account, financial records and any electronic devices, storage media or financial software on or about May 1st to the newly elected Treasurer.
Maintain the organizations budget.

An Invitation

The Auxiliary invites spouses attending this SOI to join in any of the activities as our guests. Please alert us of your interest by checking in at the VPMIA Registration desk for activity information for that day.

Agenda

Wednesday, April 5  Welcome and Craft (afternoon)

Thursday, April 6  Shopping or tour & lunch with short business meeting (place TBD)

Friday, April 7  Bingo (morning)
Both of these devices create hot air but which uses less power?

- Hair Dryer: 1,500 watts
- 7 Series Geothermal Heat Pump: 900 watts

WaterFurnace—The smartest way to heat and cool your home.

You may not realize it, but your home is sitting on a free and renewable supply of energy. A WaterFurnace geothermal heat pump taps into the stored solar energy in your yard to provide savings up to 70% on heating, cooling, and hot water...using less power than a typical hair dryer. It’s a smart investment in your family’s comfort—and it won’t cause split ends. Contact your local WaterFurnace territory manager today and find out how much you can save by switching to geothermal.

## Acknowledgements

This Yearbook is funded with advertising from industry members who support the mission of VPMIA. Please join me in acknowledging each advertiser listed on page 35 for their contribution. This strong advertisement support offsets our printing costs. Please take time to visit and personally thank our Tabletop Exhibitors listed on page 35.

I thank the following for their contributions to the 2017 Yearbook:
- Contributing authors, Lee Clifton of ICC and Don Prather of ACCA;
- Advertising and Yearbook Committee members, John Seay, Ron Bladen;
- Design and production, Jane Fitzgerald, Fitzgerald Art & Design; and
- Printing services, Old Town Printing.

— Bill Aldridge, Chairman, Advertising & Yearbook Committee
Horizontal Wet Venting
Can Provide Many Additional Design Options

Wet Venting

A fixture is said to be wet vented when it serves also to carry the discharge from fixtures connecting into the drainage system at a higher level. The use of wet venting reduces the number of individual vent pipes required by a plumbing drainage system as contrasted with the number required by a conventional system and hence reducing the cost of the venting system. There are many types of venting schemes and methods allowed in the 2015 International Plumbing Code (IPC). The Horizontal Wet Venting method located in Section 912.1 of the IPC is one that we will discuss here.

What is a horizontal wet vent? A horizontal wet vent is a horizontal branch drain pipe that has been increased in size larger than what is normally required by Section 710. This increase in pipe size allows for a large air space above the maximum probable waste flow level in the pipe so as to provide for adequate venting airflow in the same pipe as the waste flow. Wet Venting as shown in Figure 1 can be used

Figure 1: Wet Venting
in both vertical and horizontal applications.

The vertical method may be more common to plumbing installers in certain regions. However, don’t be alarmed by what you see. The horizontal wet venting method is an effective way to provide a safe, sanitary system that can save the contractor and owner time and materials.

The fixture drain length from the wet vent is limited to the distances shown in Table 909.1. There may be a situation where the fixture location is at a distance that exceeds the maximum trap-to-vent distance. The code allows for any number of individually vented fixtures of the types allowed for a bathroom group to connect to the horizontal wet vent as long the total number of fixtures allowed for the bathroom groups is not exceeded.

Section 202, Definitions, is the key to the maximum number and type of fixtures that can be accommodated by a horizontal wet vent. The definition of Bathroom Group is a group of fixtures consisting of a water closet, lavatory, bathtub or shower, including or excluding a bidet, an emergency floor drain or both. Such fixtures are located together on the same floor level. This is done to avoid high flow velocities which could cause excessive turbulence that might block the air space above the waste flow level. Section 912.1 allows any combination of fixtures within two bathroom groups to be vented by a horizontal wet vent. A horizontal wet vent could have as few as two fixtures or as many as ten fixtures, but not more than two fixtures of any type can be connected to the system. Each wet vented fixture drain shall connect independently to the horizontal wet vent. This is done to protect the function of each fixture, assuring that one fixture will not influence another’s operation.

The dry vent, the vent that continues upward from the wet vent to the point of termination of connection to another vent, shall be either an individual vent or a common vent for any bathroom group fixture, except an emergency floor drain. Where the dry vent connects to a water closet fixture drain, the drain shall connect horizontally to the horizontal wet vent system. Not more than one wet vented fixture drain shall discharge upstream of the dry vented fixture drain connection. Vertical wet vented systems are required to have the water closets as the most downstream fixture. This is not the case in horizontal wet venting.

The dry vent must be sized in accordance with Section 906.2. Remember, though, that in this case, the drain served is going to be the entire wet vented section. It will need to be at least one-half the diameter of the largest section of pipe in the system. The wet-vented section itself is sized per Table 912.3. Keep in mind that any additional fixtures outside of the wet vent that are to be drained into the same branch must be connected to the branch downstream of the wet vent. Because the wet vent serves as a drain, the type of fittings used must be in accordance with the drainage pattern shown in Table 706.3.

The IPC offers more opportunities for design professionals and contractors to implement cost saving design features than any other model plumbing code in the world.

### About the author:

Lee Clifton, Director of Plumbing, Mechanical, Fuel Gas Resources (PMG) for the International Code Council (ICC) has 40 years of experience in the Plumbing, Mechanical, and Fuel Gas Industry. His career began as a second generation plumber, working for his father at Clifton Plumbing Inc. in Tampa, Florida. He retired from the City of Los Angeles in 2007 as a Principal Inspector after 21 years of service.

Thank you to our 2017 Tabletop Exhibitors for supporting VPMIA’s Mission.
**NCB-E Series**
The first residential combi-boiler strong enough to support whole house heating and domestic hot water supply.

**NPE-Advanced**
Exclusive ComfortFlow technology (with buffer tank & recirculating pump) & 0.97 EF.

**NPE-Standard**
With the industry’s highest rated efficiency at 0.98 EF.

**NHB - Boiler Only**
Advanced burner system, an industry leading AFU of 95% and turn down ratios up to 15:1

---

**Modine**

Modine offers a number of gas-fired unit heater solutions. With efficiencies up to 97%, the Effinity® is the most efficient gas unit heater in North America, ranging from 55,000 to 310,000 BTU/hr. The PTP model is made to stand up to corrosive environments, and the proven PDP model gives you value.
